

FEDERATION OF
AMERICAN LABOR

Copper Smiths Refused
Charter and Advised
to Affiliate With
THE METAL SHEET WORKERS
Help is Voted For Union
Printers in Eight Hour
Day Fight.

SECURE OTHER ORGANIZATIONS

Pittsburg, Pa., Nov. 14.—James
Duncan, first vice president of the
American Federation of Labor, read
the annual report of the executive
council at the morning session of the
convention today. It reviewed in de-
tail many points covered in the re-
ports of the president, secretary and
treasurer.

The copper smiths made application
for a charter, but it was refused, and
they were urged to affiliate with the
Amalgamated Sheet Metal Workers'
International Alliance. Arrangements
have been made for the consolidation
of the two organizations.

To Bring In Other Orders.
There is a large number of organiza-
tions not now affiliated with the
federation, and the executive council
urges that additional efforts be made
to bring them in. President Duncan
was authorized to enlist the assistance
of other organizations in securing the
passage of legislation by all the states
prohibiting the employment of child
labor.

For Benefit of Union Printers.
An assessment of one cent a mem-
ber per week for a period of four
weeks, on the entire membership of
the federation was voted for the ben-
efit of the International Typographical
union in its efforts to establish an
eight hour day in the job and com-
mercial printing establishments of the
United States and Canada.

It was urged by the executive coun-
cil that efforts be made to organize
the foreigners who are reaching this
shore at the rate of a million a year,
as the low wages for which they now
work are not only insufficient but
have a bad effect on American toilers.

ATTORNEY GENERAL

CHANGES HIS MIND

PRICHARD SAYS T. S. HUBBELL
CANNOT PROSECUTE QUO WAR-
RANTO PROCEEDINGS IN NAME
OF THE TERRITORY.

Attorney General George W. Prichard
in a letter to W. B. Childers, lead-
ing counsel for Thomas S. Hubbell,
has notified Mr. Childers that he has
reconsidered his decision to allow Mr.
Hubbell to proceed in the name of the
territory in quo warranto proceed-
ings against Sheriff Perfecto Ar-
mijo, to try the title to the office of
sheriff of Bernalillo county. The at-
torney general states that he will not
give his authority to prosecute such
proceedings in the name of the terri-
tory until a similar application is filed
in the cases of Frank A. Hubbell,
former treasurer, and Es-
lavio Vigil, former county school su-
perintendent. The letter, which ex-
plains itself, follows:

Attorney General's Letter.
Office of George W. Prichard, At-
torney General.

November 10, 1905.

Hon. W. B. Childers, Albuquerque, N. M.

Dear Sir:—For reasons of a public
character and of public interest I have
concluded to withdraw my hereby do
withdraw my leave and authority to
prosecute quo warranto proceedings
in my name as attorney general of
this territory in the case of Mr. Thom-
as S. Hubbell, as related, against Per-
fecto Armijo, sheriff, for the office of
sheriff, until a similar application is
made to me by Frank A. Hubbell,
and Mr. Eslavio Vigil, which when
done all three of these gentlemen will
be given authority by me to proceed
by writ of quo warranto against those
claiming the right to the offices of
treasurer, sheriff and county school
superintendent, respectively.

Yours very truly,
GEORGE W. PRICHARD,
Attorney General.

The decision of the attorney gen-
eral puts a new phase on the county
quo warranto, and means thereby
that the quo warranto proceedings in
the name of the territory against the
present incumbents of the offices,
must be brought in all three of the
cases. The district clerk has been
notified by the attorney general of
his decision.

RAILROAD WORKMEN DON'T

WANT RATE LEGISLATION.

Washington, Nov. 14.—Earnest
protest was made to the president today
against the proposed railroad freight
rate legislation by the representatives
of five great labor organizations con-
nected with railroading—the engi-
neers, firemen, conductors, switchmen
and trainmen. The delegation point-
ed out to the president that railroad
rate legislation logically meant lower-
ing of rates. This they contended will
be followed by the lessening of the
earning power of the railroads, and
consequently by the reduction of
wages to railroad employees.

GREASE FROM WALL STREET
STOLE NEW YORK ELECTION

Ample Evidence of a Conspiracy Between Rich Grafters and
Tammany Hall—The Main Object, of Course, Was to
Defeat Jerome, Who, It is Feared Will Prosecute
the Insurance Thieves—New York is Mad
Clear Through—The End of Murphy as
Chief of Tammany Hall is Near.

New York, Nov. 14.—While William
Randolph Hearst's fight goes on for
the seat he claims Tammany fraud
and thugery has temporarily de-
prived him of the people of this city are
having a lesson in the crimes of boss-
ism that exceeds in value any possible
instruction that might have resulted
from a clear-cut election of the mu-
nicipal ownership candidate.

Grave questions of law and precedent
make it doubtful in the minds of the
ablest judges that Hearst will gain
an ultimate victory. That Tam-
many, under the wicked hand of Boss
Murphy, swindled the will of the ma-
jority, is conceded on all sides. When
at the polls money failed to make
voters sell their franchise, Tammany
gangs intimidated them, drove them
from the polls or ponded them into un-
consciousness.

There are scores of cases of police
record of men who were set upon by
these criminal bands, their bones bro-
ken, eyes gouged out and flesh bruised
and battered.

There is ample evidence at hand
to show a perfectly linked connection
between the brutal, Russkized and
ferocious tactics of Tammany with
the heretofore highly respected circle
of financial grafters of the Depew,
McCall, McCurdy, Morgan and Ryan
type.

Wall street threw its greasy graft
money into Murphy's hands to buy
the election. Wall street, the great

investment treasury of the peoples'
money, supported Tammany to a man
and fought tooth and nail to defeat
William Travers Jerome, who is re-
lied upon by honest citizens to affect
ample and justified punishment of
Richard A. McCurdy and his col-
leagues of the white graft profession
in the same spirit of impartiality
that he would convict the guilty petty
thief.

Lincoln Steffens, author of the
"Crimes of the Cities," recently said
that reforms in politics would pre-
cede reforms in modern dishonest
commerce. Mr. Steffens said that so
long as seemingly respectable busi-
ness men would give bribes, just so
long would ignorant politicians in
power accept those bribes.

New York is mad clean through.
Even now it would require only a hot-
headed and impulsive leader to bring
about a scene of disorder and vio-
lence. The heat of excitement at-
tending the campaign is at great now
as on election day.

Crowds still surround the news-
paper bulletin boards, and men go
through the streets displaying deep
seated anger and a desire for revenge
against the election swindlers, that
will not down.

During it all, the only expression
that can be heard at Tammany hall
is the frayed declaration of the boss:
"Oh, hell! What are you going to
do about it?"

Nevertheless, something is going to

A wagon load of ballot boxes in police custody. A feature of the con-
test by William Randolph Hearst, who claims to have been swindled out of
the mayoralty.

happen. Tammany's old supporters,
now betrayed by Murphy's, won't for-
get. Whether McClellan is seated or
not, there are clear signs that Charles
Francis Murphy will have to step
down, contracts in hand, from his
throne power. Even now, there is

internal dissension at Tammany hall,
led by the Little and Big Tim Sul-
livans, east side local chieftains. It is
believed by many that Big Tim, who is
planning to give up his seat in con-
gress next year, will be recognized as
the next leader of Tammany.

NAVAJOS RETURNED
TO RESERVATIONWAR DEPARTMENT CANCELS ORDER
FOR TROOPS TO QUELL
DISTURBANCE.

The latest advices from the Navajo
reservation regarding the threatened
uprising of the Navajos are to the ef-
fect that the disturbance has been
quelled without any really serious
trouble. The detachment of soldiers
from Fort Wingate to Chinlees
have returned to the fort. Lieutenant
Lewis, who was in command of the
detachment, is quoted as saying that
there was no very great danger of an
uprising among the Indians, although
several renegades did capture Agent
Perry and make him promise that he
would not punish several chiefs who
had taken part in the assaulting of
an Indian girl near Chinlees. These
renegades were returned to the reser-
vation and the Indians guilty of as-
saulting the girl were placed under
arrest.

The ordering of two troops of cav-
alry from Fort Wingate to the scene
of trouble by the war department at
Washington was cancelled, after the
true state of affairs was ascertained.

LAWSON'S ARREST
ON LIBEL CHARGE

Chas. W. Barron is Complai-
ant and Article Was
Published

IN LAST EVERYBODY'S MAGAZINE

Boston, Mass., Nov. 14.—Counsel
representing Charles W. Barron said
that after a private hearing today,
Judge Wentworth of the municipal
court, had decided to issue a warrant
for the arrest of Thomas W. Lawson
on the charge of criminal libel, pre-
ferred by Barron. The cause resulted
from statements made in a magazine
article, and the question of the libel
of hearing for several weeks.
Before the warrant had been serv-
ed was effected whereby Lawson is to
appear in court next Saturday. Mean-
while Lawson's counsel will apply for
a warrant for Barron for criminal li-
bel in a matter printed in the market
sheets issued by his bureau.

tion will close on Thursday.

PRINCE LOUIS' VISIT
REACHES CULMINATION

New York, Nov. 14.—This evening
the social feature of the visit of the
British cruiser squadron under the
command of Prince Louis of Batten-
berg will reach its culminating point
in the ball which the prince will give
to the American officers aboard his
flagship, the Drake. There is prob-
ably not another ship in the British or
any other navy which is as luxuriously
equipped as the Drake, and the ball
room of the cruiser is a model of
exquisite taste. It will accommodate
600 dancers at one time. Many so-
ciety women will be among the in-
vited guests, and a magnificent dis-
play of fine toilets and jewels is ex-
pected.

The program for tomorrow includes
several minor social functions and the
dinner which the St. George Society
will give in honor of Prince Louis of
Battenberg and the officers of his
squadron. Many distinguished citi-
zens have also been invited to the
dinner, which promises to be very in-
teresting.

ptroller of the currency has issued a

AMERICAN JEW TO BE HIGHEST
TYPE OF JEW IN WHOLE WORLD

New York, Nov. 14.—Jacob H. Schiff
at the annual meeting of the Educa-
tional alliance, last night said: "Tur-
moil in Russia must have some seri-
ous consequences to the United
States. It will mean an immense im-
migration, and this country must
keep its door open in order to allow

those who flee from that country to
enter. There are many races of the
Jew, five or six at the least. These
races cross in this country, and they
will unite in making the greatest Jew
that ever existed—the American Jew.
We must do our duty to that race,
and in the end the world will get the
benefit."

EMPEROR WON'T

ate For Reform as

AWAY FROM COUNT WITTE

And Under Influence of Re-
actionary Royal Family
and Relatives.

POLAND MARTIAL LAW ARRAIGNED

St. Petersburg, Nov. 14.—Emperor
Nicholas and the Russian court will
not come to St. Petersburg this win-
ter. He decided to go from Peterhof
to Tsarskoe-Selo, where he has lived
for almost ten years, with the excep-
tion of the last few months. The de-
cision not to come to the capital is
regarded as unfortunate because it
keeps him surrounded by court influ-
ences and out of close touch with
Count Witte, who should have daily
conferences with the emperor.
The radical press here is not spar-
ing in denunciations of the govern-
ment's action in putting all Poland
under martial law, declaring it a plain
violation of the specific requirements
in the manifesto.

GOVERNORS DISMISSED FOR
NOT MAINTAINING PEACE.

St. Petersburg, Nov. 14.—A half do-
zen governors, including the govern-
ors of Odessa, Tomsk and Kazan, who
signally failed to prevent disorders,
have been summarily dismissed at
Count Witte's order. The clergy, with
other classes continue intercessions
for the Czar's pardon, one hun-
dred and fifty of whom are reported
to have been condemned to death.

patch from Vladivostok received by
the Merchants' Exchange, says:

destruction has been caused by fire."

Odessa, Nov. 14.—News has reached
here of fresh disorders in Krivoi-rog,

dred persons were killed and the town
was then sacked and burned.

JAMES JOHNSON RECEIVES
A TERRIBLE BEATINGHOTEL PORTER CLAIMS JOHN
CORNETTO ASSAULTED HIM
WITHOUT PROVOCATION, AND
HAS HIM ARRESTED.

It was a sorry spectacle that James
Johnson, employed as a porter at the
Englewood rooming house on North
Second street, presented today when
he appeared before Judge A. J. Crawford
in police court this morning and asked
for a warrant for the arrest of John
Cornetto, proprietor of the Vendome
hotel on South First street, on the
charge of assault and battery and
breach of the peace.

Johnson's left eye was swollen shut
as the result of being struck, while
his entire head and face were swathed
in bandages used to cover up
numerous injuries. So badly was
Johnson's countenance disfigured that
it was with difficulty that he was able
to talk coherently.

According to Johnson's story, Cor-
netto assaulted him near the Santa Fe
station about 9 o'clock last evening.
He says that Cornetto knocked him
down and then kicked him. Owing
to his street rage, it was impossible
for Johnson to defend himself from
the vicious attack.

A warrant was issued by Judge
Crawford and Cornetto was placed un-
der arrest this morning. He will be
given a hearing at 5 o'clock this eve-
ning. This is not Cornetto's first of-
fense of this character, he having been
arrested before for assault and battery
upon inoffensive persons.

HYDE ON STAND
TALKS FREELY

Was Made Second Vice-
President of Equitable
on Graduation

AT \$30,000 FOR SALARY

He Was Receiving \$100,000
When Trouble With Alex-
ander Arose.

WOULD RETURN FOR \$75,000

New York, Nov. 14.—James H.
Hyde, former vice-president of the
Equitable Life Assurance Society,
was a witness in the Legislative in-
surance investigation today. Owing
to the great crowd extra police were
stationed in the corridors outside the
committee room.

Hyde said he became second vice-
president of the Equitable one month
after graduating from Harvard. He
had been a director two years and
had studied with the special object in
view of succeeding his father in the
insurance business. He did not re-
ceive any salary during his first two
years of connection with the society,
but when elected vice-president his
salary was fixed at \$30,000 a year.

He testified that the object of the
mysterious \$600,000 loan by the Mer-
cantile Trust company to the Equi-
table society was to buy up the stock
of the Equitable as it came into the
market, and to make a political con-
tribution. Hyde said the only politi-
cal contribution of which he knew was
\$25,000 to Cornelius N. Bliss, treas-
urer of the republican national com-
mittee, in the last presidential cam-
paign. This was solicited by H. C.
Frick, Hyde said.

Last summer when the banking de-
partment called for the repayment of
\$655,000 and the Equitable Life re-
pudiated the loan, Hyde said Mr. Al-
exander and Mr. John D. Rockefeller,
as much as they could and then he,
(Hyde) took up the balance, \$212,000.
He thought he was generous in this,
as he had not received any benefit
from that loan. His duties, Hyde
said, constantly increased, and his
salary was advanced to \$75,000, and
finally, in 1903, to \$100,000. Hyde
was asked if he was willing to serve
the company at \$75,000 salary, and he
replied that he was, and caused a
"ugh" remarking that he did not
think he could get it anywhere else.

DOCTOR ARRESTED FOR
THEFT OF FURS.

Winnipeg, Nov. 14.—Dr. A. V. Pet-
erson, a dentist of New York, is under
arrest here charged with stealing \$2,
000 worth of furs. A few days ago
Brown's fur store on Main street was
burglarized and furs valued at \$2,000
taken. There was no clue.

Yesterday a fashionably dressed
man entered another fur store and
offered for sale about \$500 worth of
furs for \$250. The police were notifi-
ed and Peterson was arrested. The
rest of the furs stolen from Brown's
store were found in his boarding
house. Peterson claims he bought
the furs from another man whose
name and address the police say is
fictitious.

VERY BAD BUNCH
OF YOUNG BOYS.

Chattanooga, Tenn., Nov. 14.—De-
tective Horace Johnson, of the Knoxville
police department, passed through the
city today in his charge a bunch of
youthful culprits convicted under the
juvenile court law and sentenced to
the reformatory at Nashville. De-
tective Johnson said the boys had been
caught after looting several residences
in Knoxville, carrying away diamonds
and costly jewelry. Owing to their
tender age they could not be sent to
the state prison.

AN AGED PROHIBITION
LEADER IS DEAD.

Quincy, Mass., Nov. 14.—Henry R.
Faxon, one of the national leaders of
the anti-saloon movement, and one of
the wealthiest residents of this city,
died this morning, aged 82 years.

TOWNSHIP SALES ARE POSTPONED
ON THE MINIDOKA RECLAMATION

Heyburn, Idaho, Nov. 14.—Acting
on the suggestions of the govern-
ment of Idaho and prominent citi-
zens of the state, the Secretary of
Interior has announced the postpone-
ment of sales of lots in the new town-
ships of Heyburn and Rupert, on the
Minidoka reclamation project. There
was an indication that attendance
on the sales would be small. No-
vember 14th and 21st, respectively,
would be large, but owing to the pos-
sibility of bad weather, at this time
of the year, and the lack of suitable
accommodations for visitors, it has
been deemed advisable to postpone
the date of sale until early in April of
next year. At that time pleasant
weather may be expected, there will
be water in the new government can-
als, and more than 1,000 of the new
settlers who have already established
themselves on the lands will be clear-
ing off the sage brush and putting in
their crops.

The Minidoka tract is already one
of the best exponents in the west of
the wisdom of the Reclamation Law.
It is safe to predict, from present con-
ditions, that one of the most prosper-
ous and populous agricultural com-
munities in the world will soon rise
up from the desert at this point in
the Snake River valley.
Now the town of Heyburn consists of
nothing but a telegraph office, a
shanty used as a land office, and a
number of tents, pitched by people
who had come here from all parts
of the west and southwest, to pur-
chase town sites at the sale which
the United States government had ar-
ranged for today. This is to be one
of the two new towns which the govern-
ment intends to create in the great
South Idaho desert, which is to be
transformed into a fertile paradise
by means of artificial irrigation. The
new town, which will be named Ru-
pert, is located about seven miles
from here, also on the newly con-
structed branch of the Oregon Short
Line, extending to Twin Falls. The
town sites have been carefully sur-
veyed, and laid out into lots, with
the streets, diagonal avenues, public
squares and reservations for munici-
pal and other public purposes.
The irrigation plant which the
United States government is con-
structing at a cost of more than \$3,
000,000, is not yet completed. The
work is pushed vigorously, however,
and the district around the new town
is intersected with hundreds of ir-
rigation canals, which will conduct the
water for irrigating the farm lands.
The soil is excellent and the climate
suitable for all kinds of farm and gar-
den products and various kinds of
fruit. Many colonists from Minn-
nissi, Utah, Colorado, Nebraska, and
other states are expected to settle in
this district, and everything is boom-
ing in anticipation of the rapid devel-
opment of this part of the state, form-
erly a barren and dreary desert.
